

Muhammad Hashir Khan

H. No: F-126/3 Martin Road, Karachi.

+92 311 2099 493, +92 349 0571 989

khashir14@gmail.com

OBJECTIVE

To get an opportunity where I can make the best of my potential and contribute to the organization's growth.

EDUCATION

Bachelor's Degree in Civil Engineering, N.E.D University of Engineering and Technology with 3.77 CGPA. 2017 - 2021

Intermediate in Pre-Engineering, S.M Government Science College, Karachi with A-1 Grade 2015 - 2017

Matriculation, The Quill School System, Karachi. 2015

ACHIEVEMENTS/ CERTIFICATES

- Achieved 3rd Position in the S.M College Overall, 2nd in the Pre-Engineering in college
- Secured 3 A+ in Major Engineering Subjects such as Structural analysis, Applied Chem. and Numerical Analysis
- Certified Golden Reader in School
- Community Outreach Internship Program by NED University of Engineering and Technology

FINAL YEAR PROJECT

Final Year Project based on the Seismic Analysis of Reinforced Concrete School Buildings in Karachi.

Using ETABS we modeled and analyzed the structure and then applying Hazus-2003 manual we achieved the following targets:

- Linear Static Analysis
 - Response Spectrum Analysis
 - Pushover Analysis
 - Fragility Curves
 - Damage State Matrices
-

**TECHNICAL
SKILLS**

- AutoCAD
- ETABS, SAFE, SAP 2000, STAADPro
- MATLAB
- Microsoft Office (Word, Excel, PowerPoint)

PROFESSIONAL SKILLS

- Adequate understanding of key elements involved in the construction
- Understanding of Engineering Drawings
- Sufficient information on Engineering Materials
- Provide Cost Estimates for Materials

SOFT SKILLS

- Leadership and Management Qualities Business
- Communication skills (Written and Verbal)
- Excellent Presentation skills
- Strong work ethics

**COMPLEX
ENGINEERING
PROJECTS**

- Physical model of a structure built using ice cream sticks and then evaluating its load-bearing capacity compared to its self-weight
- Designing of Continuous Beam on ETABS
- Model of Hydropower electricity generator
- Scaled-down prototype model of a roller coaster
- A Physical demonstration of a bungalow showing all construction phases

EXPERIENCE

AKBAR & ASSOCIATES Consulting Engineers, Structural Engineer;
2022 – Present

- Assisted in preparing Engineering Plans, Cost Estimates, and selection of most suited and economical alternatives
- Performing Relevant design calculations & modeling with the help of Engineering Codes such as ACI 318, BS Code, Eurocodes, etc.
- Making frequent site visits to overview the project progress and adhering to the timeline
- Resolving Issues arising from site constraints
- Preparing Reports providing technical advice on safe designs.
- Analyzed Existing Structures for seismic loads and serviceability criteria
- Provided Retrofitting Design strategies and Detailed Drawings to overcome their performance issues.
